

INSIDE PACE

FOR PACE MIATA CLUB MEMBERS ONLY*

“LET’S GET A WIGGLE ON...”

...If you've joined us on any number of our runs you will no doubt have heard the familiar voice of Brian Piersol suggesting those in the Miatas behind him in line to "get a wiggle on" meaning we're making a tricky turn, and to be careful but quick about doing so. Many of our new members can look forward to learning all of the PACE colloquialisms throughout our upcoming season of exciting, unpredictable, and unique run experiences to which we've all grown to love.

After a fantastic and fun PACE annual breakfast meeting at *Hoss's Mechanicsburg*, club officers came away with a strong sense that, despite the current COVID-19 culture influencing much of our thinking, we are all encouraged that the Club continues to grow and is attracting younger members.

Maybe (as a spoof) we can hold a Halloween/New Member Drive event where all members over sixty must dye their hair black so in a group setting we don't look so "mature?" Let us know what you think!

Many great run suggestions were also bantered about and Sandy and I again, would like to ask that in order to make this season a "season like no other," you consider planning a run to one of your most favorite places and share your Miata enthusiasm with our entire group. All ideas will be respectfully considered. Please contact us with any ideas for a run... east, west, north, or south so we can get it o our calendars.

Remember, we don't really care where we're going, as long as we're in our Miatas!

Happy Spring, **JOE & SANDY GOLESH**

Ahh... Spring is here and hopefully, to stay. Membership says hello!

My first official duty as the new Membership person is to thank Rod and Nina Slenker for all their hard work and dedication to PACE over the many years they have served in this position. It will take a lot of hard work to fill their shoes but I will give it my best shot.

With that said, I am still getting my feet wet with all the nuances of this position. If I have failed to mention you as a new member, I am deeply sorry and will try to rectify that at a later date.

This is a reminder that yearly dues are due by the end of May for the 2022 Drive Season. The new form has been uploaded to our website and if you need to contact me, please use pacemembership2022@gmail.com. I look forward to serving you in this position and seeing you out there.

Tops Down, DIANE JOYCE

What's PACE been up to lately?

For this year's **PACE kickoff Luncheon and Election of Officers**, we met at *Hoss's Steak and Seafood Restaurant*, Mechanicsburg, where we discussed the upcoming drive season and elected the following officer positions: President, Vice President, Membership Chairperson, and Newsletter Editor.

A meeting-wide vote took place with re-elected officers being Joe and Sandy Golesh, President, and Rick and Marilyn Yanchuleff, Newsletter Editor. First-timers are Jim Smith (see below) elected as vice-president, replacing retiring vice-president chairs John and Pat Boyer. Diane Joyce has assumed the role of Membership Chair replacing retiring membership chairs, Rod and Nina

Slenker. The photo shows the great turnout we had at this year's PACE Annual Kickoff Luncheon and Election of Officers.

We would like to thank of all the retiring officers for their many years service to the club. We would also like to welcome the many new members we met at the gathering.

MEET OUR NEW VICE-PRESIDENT, JIM SMITH

Someone said they wanted a quick bio so here goes: **Just turned 60. Originally from Easton, PA (still have a lot of family there,) moved to Ephrata from Bradford County in 1988.** Because of my father's job I moved every 4 years (if my early life could be summed up in a song, the Eagles, New Kid in Town would be perfect.) I am a RN with a specialty in psychiatric nursing but I have experience in medical, surgical/oncology and was a hospital supervisor for numerous years. I've spent over 20 years with Wellspan.

My first interest in the Miata came to me one Sunday afternoon watching football as I saw the commercials Mazda used to air. I began to see more and more Miatas on the road and have loved them ever since. With kids in the house, it wasn't practical but now that the kids are on their own, I thought it was the time. I liked the style of the O8's and found one I liked. I love all Philly sports especially the Eagles, like music and reading. Little known fact: I used to be a funeral director before I was a nurse. My first degree was in Mortuary Science from Pittsburgh, where I was probably the only PSU fan on campus.

I am very pleased to be taking such an active role in the PACE Miata Club,

JIM SMITH
